**Focus:**  
**Decentralisation and  
Development in Africa**

**25 MAY - 5 JUNE 2020**  
**CAPE TOWN, SOUTH AFRICA**

## **About the African School on Decentralisation**

The African School on Decentralisation is the first course on decentralisation in Africa, presented by leading international experts on decentralisation from Africa and further afield. The two-week course examines the concepts and practice of decentralisation in African countries from comparative and interdisciplinary perspectives. It aims to give content to the African Union Charter on Decentralisation as well as creating and maintaining a platform for knowledge-sharing that would enable participants to share their experiences and deepen their knowledge on decentralisation from an African perspective. The course will include lectures, interactive discussions, case studies and study visits.

This course is offered jointly by the South African Research Chair in Multilevel Government at the Dullah Omar Institute of the University of the Western Cape, and the Centre for Federalism and Governance Studies of Addis Ababa University.
