

“Postdoc” Position in Network Science

Requirements

- Promising scientific record in the area of network science or economic theory with the potential to publish in top academic journals
- Strong mathematical background and advanced programming skills
- Good command of English (good command of German or French is an additional asset)
- Doctoral degree in Economics, Mathematics, Computer Science, Physics, Sociology, or a related discipline*

* If the doctoral degree has not been awarded yet, the PhD dissertation has to be submitted before the position starts and the application must include a positive reference letter of the PhD supervisor.

Start

September 1st, 2024 (or later upon agreement)

Duration

40 months

Project

This position belongs to the SNF-funded project *Signed Networks: Strategic Network Formation and Centrality* that starts in September 2024. Principal investigator is Prof. Dr. Berno Buechel, project partner is Prof. Dr. Tim Hellmann from the University of Southampton.

For further information, please visit www.berno.info and contact berno.buechel@unifr.ch.

Responsibilities

- Conduct research and publish in international, peer-reviewed journals
- Interact with project partners and peers

Affiliation

The University of Fribourg offers attractive working conditions in an international environment. It is located in the picturesque town of Fribourg, well-connected in Switzerland and Europe. We provide outstanding work conditions, a fruitful research atmosphere, and guidance for an academic career.

Salary

According to the rules of the Swiss National Science Foundation (SNF) and the University of Fribourg. The salary is competitive.

Application

Please send the complete application in a single file named [lastname].pdf by email to karin.loetscher@unifr.ch using “Application Post-Doc SNF 2024” in the subject line. An application consists of a letter of motivation, the CV, the job market paper, the certificates, and the email addresses of two referees who are ready to submit a letter of reference upon request. The University of Fribourg is an equal opportunity employer. Seeking to promote an equitable representation of men and women among its staff, the University strongly encourages applications from women.

Review of applications will begin on **May 13th, 2024**, and continue until the position is filled.
